

ACTIVITY BOOK

Happy summer holidays!

School is almost over and summer holidays are right around the corner. To keep you occupied during the holidays, Be My Nounou has prepared games and activities under the theme of sun, fun and English, of course.

The hot weather is here and it's time to create things together outside the house !

This month we have made an activity book all connected to the summer season, the vacations departures and music festival! The fête de la musique takes place june 21th and it makes us all think a little bit more about summertime.

Be creative together and remember to take a look at all the new words to learn from each activity so that you can be ready for back to school in September.

The vacation song - lyrics

The time has come for a holiday
See so many places while we are away

We'll get to share

We'll get to laugh

We'll have so much fun

We will get to play

Let's go pack for the sandy beach
Suncreams and towels we can not forget

Building sand castles will be very swell
And we'll fill our buckets full of seashells

The time has come for a holiday
See so many places while we get away

We'll get to share

We'll get to laugh

We'll have so much fun

We will get to play

To go to the snow we have to bundle up
With gloves and hats to keep us nice and warm
Down mountain slopes we will go with our skis
And we will build a snowman next to snowy trees

The time has come for a holiday
See so many places while we are away

We'll get to share

We'll get to laugh

We'll have so much fun

We will get to play

And if we stay here in the city
We can still have fun playing with our friends

Round the park we can ride our bikes
And make our pretty kites fly in the skies

The time has come for a holiday
See so many places while we get away

We'll get to share

We'll get to laugh

We'll have so much fun

We will get to play

We'll have so much fun

When can I see you again from Wreck It Ralph - lyrics

Switch on the sky and the stars glow for you
Go see the world 'cause it's all so brand new
Don't close your eyes 'cause your future's ready to shine
It's just a matter of time before we learn how to fly

Welcome to the rhythm of the night
There's something in the air you can't deny
Tonight

It's been fun but now I've got to go
Life is way too short to take it slow
But before I go and hit the road
I gotta know, till then
When can we do this again

Oh oh oh oh
When can I see you again
Oh oh oh oh
When can we do this again
Oh oh oh oh
I gotta know, when can I see you again

Joined at the hip, yeah your sidekick needs you
Life is a trip and the road map leads you
Look all around at the mountains you haven't climbed
It's just a matter of time before we learn how to fly
Welcome to the rhythm of the night
There's something in the air you can't deny
Tonight

It's been fun but now I've got to go
Life is way too short to take it slow
But before I go and hit the road
I gotta know, till then
When can we do this again
Oh oh oh oh
When can I see you again
Oh oh oh oh
When can we do this again

Oh oh oh oh
I gotta know, when can I see you again

Don't close your eyes 'cause your future's ready to shine
It's just a matter of time before we learn how to fly
Welcome to the rhythm of the night
There's something in the air you can't deny
Let me know before I wave goodbye
When can I see you again

Oh oh oh oh
When can we do this again
Oh oh oh oh
When can I see you again
Oh oh oh oh
When can we do this again

Oh oh oh oh
Yeah it's been fun but now I've got to go
Life is way too short to take it slow
But before I go and hit the road
Tell me when
When can I see you again
